

WE GOT YOU COVERED

WORRIED ABOUT GETTING HIV?

Relax! There are now many ways to protect yourself. Whether it's a pill a day (PrEP), an injection every 2 months (long-acting PrEP), a condom every time, or a mix (condom + a form of PrEP), what's important to know is that now you have more choices to continue having fun while enjoying peace of mind.

Do it your Way. Do it Right.
